Notes on the quarterly report – 31 December 2019

PART A: EXPLANATORY NOTES AS PER MFRS 134

A1. Basis of preparation

The interim financial statements are unaudited and have been prepared in accordance

with the requirements of MFRS 134: Interim Financial Reporting and paragraph 9.22

and Part A of Appendix 9B of the Listing Requirements of Bursa Malaysia Securities

Berhad ("Bursa Securities"). The interim financial statements should be read in

conjunction with the Group's annual audited financial statements for the year ended

30 June 2019.

The explanatory notes attached to the interim financial statements provide an

explanation of events and transactions that are significant to an understanding of the

changes in the financial year ended 30 June 2019.

The accounting policies and method of computation adopted by the Group in the

preparation of the consolidated interim financial statements are consistent with those

adopted in the most recent annual audited financial statements for the year ended 30

June 2019 except for the adoption of the of MFRS 16 Leases effective for the

financial period beginning on 1 July 2019.

MFRS 16 introduces a single accounting model, requiring the lessee to recognize the

right-of-use of the underlying lease asset and the future lease payments liabilities in

the statements of financial position. For a lessor, MFRS 16 continues to allow the

lessor to classify leases as either operating leases or finance leases and to account for

these two types of leases differently. Accordingly, the Group prepares its financial

statements with adoption of MFRS 16 in its financial statement for the financial year

ending 30 June 2020.

A2. **Qualification of Annual Financial Statements**

The audit report of the Group's most recent annual audited financial statements for

the year ended 30 June 2019 was not qualified.
